**Date:** April 7, 2015

**Re:** Brookhurst Drive Storm Sewer  
Project No: 11206, 015.1.1  
Contract No: 20227

Dear Resident:

The Metropolitan St. Louis Sewer District (MSD) is scheduled to begin a construction project in your neighborhood. The referenced project consists of the construction of approximately 1,899 lineal feet of storm sewers varying in size from 12 inches to 24 inches in diameter, and a concrete modular block wall. The project is located north of Manchester Road and east of Lindbergh Boulevard. A map is attached showing the project limits.

MSD invites you to attend a neighborhood meeting that will be held on Thursday, April 16, 2015 at 7:00 pm at Warson Woods City Hall, 10015 Manchester Road, Warson Woods, Missouri 63122-1825.

Representatives from the Metropolitan St. Louis Sewer District and from Fred M. Luth & Sons, Inc. will be there to provide information regarding construction activities, the anticipated construction schedule and its impact on you and your neighbors.

A set of project plans and specifications will be available for your review; and you will have the opportunity to ask questions regarding the construction project.

If you have any questions regarding this meeting, please contact me at 314-768-6381.

Charles McFarland, Division Inspector  
Engineering/Construction Management Division
